## Performance Breakdown

| Key Strengths                                                                                                                                                                                                                                                                    | Areas for Improvement                                                                                                                                                     |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <ul style="list-style-type: none"><li>• Promptly acknowledged customer issue with professional courtesy</li><li>• Effectively leveraged knowledge base articles during explanation</li><li>• Maintained high grammar and clarity standards throughout the conversation</li></ul> | <ul style="list-style-type: none"><li>• Could reduce delay when confirming verification details</li><li>• Should proactively offer follow-up confirmation steps</li></ul> |

## Personalized Coaching Recommendations

1. Use empathy statements early when customer frustration exceeds 0.5
2. Always cite knowledge article troubleshooting steps clearly
3. Confirm issue resolution before closing the support session
